The documents generated here are considered to be in the Public Domain. It is used for creating floor plans, designing web pages, creating cross-stitch patterns, planning construction projects and many other purposes. Graph paper is commonly in math class, that's why it's also called math paper. It is often called "quadrille paper" or "quad paper." The squares usually have a specific size such as 1/2 inch, 1/4 inch or 1/8 inch - which gives the paper a name such as "1/2 Inch Grid Paper." No axes are drawn on grid paper. This works well for a single draft, but if multiple refining drafts are required, then the computer program begins to have an advantage. We have six different grid papers that you can print for personal or academic use. Please print as many sheets as you want.
