Instead of functioning as a sign-in streaming service, Plex is a media-player client that you can download to your computer. No matter how you want to watch or where you are, as long as you have an internet connection, you can catch a few episodes on Tubi. Simple and sleek user interface The UI is quite simple and easy to use for the users as the majority of the most used features appear within few clicks of it. Download the new CLOUD TV app and get access to premium TV content for free. Photo Courtesy: Plex Although it seems like Plex's focus might be on organizing your digital media, it's quite generous in terms of its TV offerings. Channels are organized into groupings like "News + Opinion" and "Sports" so it's easier to find what you're looking for, and the service also has a library of thousands of movies you can stream. There's also a subscription option that runs around \$5 a month, and it provides some bonus features like the ability to skip show intros, 4K support and the option to download shows to your device for offline viewing. It's also the one that's mostly likely to give you that traditional TV experience; it's ad-supported, but it plays advertisements in structured commercial breaks similar to classic cable. To get started watching for free and see for yourself what Peacock is about, sign up with your email address.Yes, it's that IMDb — the same one you visit when you can't remember that one actor's name even though you've seen them in dozens of movies. To settle in for some traditional TV programming without spending your hard-earned cash, check out these sites and services.PeacockGet ready to binge. And with genres ranging from martial arts to telenovelas and curated collections that compile fun favorites all in one spot, you're not likely to run out of great programming anytime soon.PlexPlex is a bit different than the other offerings on this list, but it's still one to consider. Moreover there are captions or subtitles in all of these languages for each shows you stream. Photo Courtesy: IMDb TV IMDb TV is supported by non-skippable ads, and you don't have the option to upgrade to an ad-free tier, so keep that in mind as you're watching. Photo Courtesy: Peacock Many of NBC's classic shows like The Office appear on this service, which includes about 15,000 hours of free programming.
