Changing passwords from time to time is the CyberSecurity number one rule to prevent your accounts from being violated. Of course, which can more strongly apply to bank accounts and other personal information, but there may be times you want to change your Disney password + from time to time. Especially considering that hackers have stolen Disney's user credentials last year to sell them to spectators in unsupported territories. It is always a good time to change your Disney + account is changing your password for something a little stronger. Disney recommends using a unique password that takes numbers, characters and symbols. This could make it harder for hackers decipher the password and discourage them enough to move forward and find the easiest way from crack. We suggest opt for a password manager like 1Password to do so because it can create a random and ultra-safe password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change it: go to www.disneyplus.com/account. Select "Change password, follow the following steps to change password, password field. Click the Save Blue button. WARNING: If the machine has been compromised by a keylogger, change the password will not be done The difference as the virus will capture the new credentials the next time you type it. If you suspect this is the case (ie a number of your accounts have been hacked), run an antivirus scanner. How to know if your account Disney + has been hacked Disney + lacks the functionality that other services offer that they provide revealing signs if your account is violated. You could not watch a log watched or see where you logged in, so you won "be able to tell if your Disney + has been compromised until you lose access completely. What to do if your Disney + account has been violated if your Disney + account has been violated, the first thing to do is contact Disney and see if they can restore it. You must provide the date you registered for the service, the last time you've had access, the original e-mail address and the type of payment method (Visa debt, for example) on the file. If this doesn't work, you may want to reach your bank card or supplier and explain them to them what happened. They may be willing to repay the money you paid for the Disney + package, or \$ 70 for Disney + access for a whole year). Recommendations Ivan Marc / Shutterstock Editor When it comes to streaming services like Disney +, it is important that you have a secure password that is not easy to decipher. Fortunately, it's relatively easy to change your password on this streaming service. On Disney + Ã ¢ â, ¬ Â "¢ s Homepage on your PC, you would like to select your profile image in the upper right corner. For the mobile app on your iPhone, iPad or Android device, your profile will be in the lower right corner. Related: How to stop your Disney account + to be violated under your profile, select A ¢ â, ¬ to get your account A ¢ a, ¬ to move forward and update the password. On this page, enter your current password and the new password for your account. From there, select the button à ¢ â, ¬ å "saveà ¢ â, ¬ to complete the change of the password! You will need to use your new password to access your Disney + account on any app or web browser you use to access the service.
