Sadly no, nothing is known at the moment, no release date, no synopsis, no trailer, nothing...The only thing we have been able to see is what the akuma will probably look like for this concept art that appeared in a video from Lindalee Rose, but that’s it...☺

Disney+ announced that 13 episodes from Season 4 will be available on their streaming on September 15th! However, this will not be the first 13 episodes in chronological order (since episodes #5 and #9 have yet to be released) it will be the 13 episodes that have currently aired so far...At the moment it has only been announced that they will arrive at Disney+ USA, they haven’t said anything about other countries...Source: Martes, Agosto 17, 2021 with 88 notas Jeremy Zag posted a new photo from the upcoming “Miraculous Awakening” movie!This time we can see Alya and Marinette! Martes, Agosto 17, 2021 with 181 notas The French channel TFOU has shown a trailer about Season 4 and they give us a new release date for a new episode and some inedit scenes! We can see AstroChat using his Catclysm, and according to Feri González (official brand ambassador) these scenes would correspond to episode #21...Nothing has been confirmed yet, but is possible that in this episode there would be the scene that was read on Mundo Gloob,about Tikki being out of control, and what Chat is destroying is what Tikki created...What is certain is that on Sunday August 29th TFOU will premiere a new episode! Lunes, Agosto 16, 2021 with 233 notas Lindalee Rose, one of the young Zag/Miraculous Ambassadors, posted a video where we can see the concept art of several characters of Season 4!Among them stands out the akuma for episode #5 “Pyscomedian”!Here is the full video! Jueves, Agosto 12, 2021 with 141 notas Jeremy Zag posted this on his Instagram, hinting that we will have a TV series of LadyDragon, the hero of Shanghai!! Can i ask why? Is it cuz of copyright, or has the website address been updated? ☺☺

THANK YOU SO MUCH FOR YOUR WORDS!!If about your question, YES, many times the sites, or Instagrams, or Facebooks get blocked because they are reported by copyright ...Many times the administrators try to reactivate them as quickly as they can, or create others pages with the same content, but sometimes it is very difficult and can take several days...For now, the one pages working is Miraculouscity.ml!The other ones are trying to get back!But the Instagrams and Facebooks still are working and have even the latest episode “Wishmaker”! ☺☺

ml9n90sn-yubdj said: I actually like spoilers but not spoilers that ruin the episode. Anyways what do you think about the spoiler that we got from gloob yesterday on miraculous day? About that, i think exactly like you... I mean, i don’t mind spoilers, like that script reading they had for an upcoming episode, or to know who will get akumatized or something like that... But spoiling the season finale and saying all that Shadowmoth will accomplish, I think it was a bit too much...They could have said something more ambiguous, like Gabriel will do his best plan yet, or that Ladybug and Chat Noir will be in danger or something like that, not rightly saying that he will get the Miraculous and that he will fuse them...There are many who were waiting to see that and did not want to be spoiled, but it spread so much, and in so many places without spoiler warning, that the episode for them is already ruined, and I feel very sorry for them ...I really hope that something else happens on the episode, and that it is surprising! i-prefer-the-fictional-world said: In a fandom terrorized by spoilers from Gloob you are the saviour who does their best to protect us from spoilers. ☐☐

Thank You. THANK YOU SO MUCH!! I try to do my best because i know that a lot of fans don’t like to see the spoilers, specially the ones from Mundo Gloob! ☺

ml9n90sn-yubdj said: I used to like gloob but now i am starting to hate them. Look what they did with wishmaker: showed 2 screenshots and 1 minute tralier in less than 2 days which revealed luka is gonna find out ladybug and cat noir identity, they purposely showed a tralier 6 hours before the episode came out. Just because they don’t air the episode first doesn’t mean they have to ruin it. I am not against brazilans or anyone else i am just mad with what gloob did. I know...i mean i love that they are so invested on the show,but that trailer was just to much!And you are right, it’s nothing against the country or anything like that, it’s just because of what the channel did...I personally don’t mind spoilers (I couldn’t have a blog about info of the show, if I didn’t want to see spoilers), but I thought about those who DO mind spoilers and it make me really sad cause they literally ruined one of the best surprises for everyone just because they didn’t showed it first! And it was very noticeable that they did it for that, because the episode will not be released for another 3 weeks on Mundo Gloob, and they released the trailer only because Disney USA were going to show it first...That is why when I post a spoiler, specially from Gloob, I try to put many warnings before, for all those who do not want to know anything...Because i feel that it is a lack of respect for all those fans of the series who want to be surprised by watching the episode... Anónimo said: Is Miraculous Ladybug coming to Disney plus in the US? I googled this and some say it’s already there and some say it’s not. I am really confused about it. When I googled it, it says it’s already on Disney Plus so I press it but then it said code error. I really need a clear and good explanation please. Is Miraculous Tales of Ladybug & Cat Noir coming to Disney plus in the US 2021 or not? Hi! Well, i’m actually not from USA, so I don’t really have an accurate answer for that, but, according to this source, the episodes are not on Disney+ yet, there is only the New York Special and the Shanghai Special, since Miraculous still has a contract with Netflix, but once that contract is terminated, Disney+ will have every season ... You can read it here it here... Maybe someone here could give you a hand!If someone from, USA who has Disney + could tell me if this information is correct, we would really appreciate it! Today on the Miraculous Day, the voices of the different characters of the show confirmed a theory about Season 4!If you don’t wanna know, DO NOT keep reading...!*****If you DO WANNA KNOW, just scroll down a little more! *****Here you go!**Shadowmoth will finally get the Miraculous from Ladybug and Chat Noir, and he will even fusion them to get his wish!!!Although they didn’t confirm in which episode this will happen, most likely it will be in the Sason Finale!!What to you think? Will Bunnix have to show up to fix everything? Will it be at that moment where Ladybug will have to give the Rabbit Miraculous to Alx? Domingo, Agosto 8, 2021 with 106 notas Today was the Miraculous’s Day on Gloob and to celebrate it, they read an inedit scene for an upcoming Episode!! The scene goes like this...In the Tuileries garden, Marinette watches Tikki devouring some candy from someone’s picnic. She quickly recognizes the boxes from the Dupain-cheng bakery. She very carefully approaches to Tikki, who is still eating the sweets, and says:Marinette: Tikki, you are a kwami! Nobody can see you! You can’t stay here, come with me!Tikki stops eating and her face returns to normal.Tikki: Sorry Marinette, I couldn’t control myself.Marinette: You have to control yourself Tikki, my family has been akumatized and I need you!Tikki: Can’t you see? There is only one piece left, and if I eat it, there will be nothing left!Tikki’s expression changes and her voice becomes strange...Tikki: But I know how to get more, I am the kwami of creation!Marinette understands and tries to stop Tikki.Marinette: Oh no! A kwami that uses its power without its owner will always make a mess!Tikki: Transformation!.....Plagg doesn’t take his eyes off a giant candy.Plagg: Looks like Tikki went a little crazy for chocolate, again!Adrien: A little ?!Plagg: The last time it happened was 1000 years ago, when humans discovered chocolate.Adrien: And what happened?Plagg: It rained chocolate mousse for 8 weeks, kid!Plagg sees Adrien looked worried.Plagg: Oh don’t worry! There is a reason the kwami of destruction exists. Come on Adrien, transform!Adrien: Okay... Plagg, claws out!And this is a fanart of the scene that Mundo Gloob showed on their live in Youtube! I mean, we all know what Mundo Gloob is like, a clear example was what happened with “WishMaker” and its trailer...I think they will probably give a spoiler of the episode “Gabriel Agreste” or “Pyscomedian”, because I’m not really sure if the other episodes after “Wishmaker” are finished...Although I really really hope tomorrow they don’t give away a big revealing spoiler of some episode, because I don’t want them to ruin the experience of seeing it for the first time, but will Gloob you never know!!☺☺
