My name isoromulator and I am an passionate player from the US. I play video games from an early age and I especially like PlayStation Games. After my passion, I studied computer science in college and soon started to create my own game projects. After finishing the lesson, I decided to write a blog about everything that was going on in the PlayStation emulator - from reviews to strategy tips and more! PlayStation Portable is the first Sony handheld console (hand console) and is considered a 7th generation game platform. It was released in 2005. March 24 In North America and 2005 September 1 2012 Initially replaced by PlayStation Vita. Browse the encyclopedia by genre and tag. Each game has one main genre: action, fighting, puzzles, adventures, RPG, sports, strategy, modeling, party, race, arcade. You can look for a few tags and filter games by platform, rating or release date. Action, 2007 May 4 An action adventure game based on a third gameDirector Sam Raimi. The event takes place in New York, which has been restored and pays much attention to details. We are in the role of superhero with the same name that must perform countless different tasks. However, the story does not determine a specific path and allows us to determine the order of the missions ourselves. Operation on March 15, 2005 The second entrance to the third side of ASA The Pot series as a spider man. The plot of the game is based on a movie with the same name. The player is in the role of Peter Parker, a boy who had a spider's superb after a laboratory accident. His main antagonist is eight Octavius (known as Dr. Octopus in the criminal world), a scientist with mechanical hands controlled by his brain waves. On October 21, 2008, another game of the adventures of the spider, one of the few that is not directly related to the film and the comic scene with the spider in the lead role. The game was developed by Shaba Games Studio in cooperation with the Treyarch team, known for the Call of Duty series. The event takes place in the streets of New York, where a dangerous virus was infected with mystical substances and an animal was born for a dangerous mutant. October 2, 2007 The third party of the story of Asa Asa, developed by Be -x Studio, in which we play the word Spider Man and fight the heroes of the well -known popular Marvel Universe. Spiderman: A friend or enemy is created in a fight on foot, which is characterized by the fact that besides our superhero, it can also fight with its bitter enemies such as Sand Man or Green Tapistra. But before this happens, we have to win them and convince them to come to our side. Page.
