Page 16 The data are currently being collected, try again shortly. Learn the counters and discover the matchups in which they have an advantage! When you start a League of Legends match, you should always keep in mind if you are the benefit or disadvantage against your opponent, so you can know if bully or play safely. Page 8 The data are currently being collected, try again shortly. Page 3 The data are currently being collected, try again shortly. You can find detailed faults of each matchup on counters and you can also take a look at some IVERN guides to see how to build and play against other samples that you may find against! This counter is for IVERN Jungle in Plat+ Games. Page 12 The data are currently being collected, try again shortly. Page 11 The data are currently being collected, try again shortly.
