10 December 2020 5:16 pmthursday marks the beginning of Hanukkah 2020, one of the most anticipated holidays of Jewish religion. Exposing widely celebrated all over the world, marks the events that occurred after the Torah has been written, and that Arenā ē ā,~ "ē t in the foreground in the book. But what are you celebrating and how people point out? Here is everything you need to know. Hannukah is an eight-day festival that traditionally dies the day of the day of Kislev in the Jewish calendar. This year it falls on Thursday 10 December. Finish Friday 18 December. What is the meaning of Hannukah? Hanukkah's story celebrates the history of the Maccabees, who defeated the troops of the Greek king of King Antiochus after a three-year war. Commemorates the rehabilitation of the second Temple ē Jerusalem after the revolt of 167-160 A ECB against the Seleucido empire. The Seleucids had targeted Judaism and his practices, and the king tried to make Jews pray and make sacrifices to the Greeks. Gelt Gelt is given to the children and the Dreidels are made around the candle is illuminated (Photo: Getty) to celebrate the recovery of the temple, they turned on a seven-pointed lamp, but found that they only had an oil enough to keep it On for a day. However, miraculously, the lamp has been illuminated for eight days, allow them to prepare more oil. This is why Hanukkah is observed illuminating a Menorah Ā ē ā,~ "a candelabrum with nine branches. A branch, which usually sits above or under the others, holds a central candle called the scan that is Used to illuminate the others eight, one of which is turned on every night. Building the holiday. Menorah is completely Aflese. Place their minors LIT in windows of their homes so that others can witness their celebration. To each Lighting blessings are made first and the songs sang later. Sometimes gifts can be exchanged. Why is sometimes called Chanukah? Although Hanukkah has become more common, Chanukah is still correct, and somehow more traditional. L 'British encyclopedia says: "Ā ē ā,~" The Latin alphabet does not use Latin alphabet, which is the standard screenplay of many languages, including English. Ā, ā,~ "The Hebrew word for the holiday Use sounds that are not found in the Latin alphabet. The difficulty begins with the first letter of the word, which is the eighth letter of the Jewish alphabet - Ājā Y et, or Chet. It is pronounced with a guttural sound that is similar to the ... / Ch / Ā ē in the Loch. So when the Jewish word was transliterated in the seventeenth century, Y Y Y ē became ē ā,~ (chanukah). Hannukah's Hanukah food, including smoked salmon and potato latkes, which are fried in oil (Photo: Getty) Ā ē ā,~ "When English appears at the beginning of a word, it looks very different from the verge Ājā, Y etĀ ē (compare "chair). So, in the eighteenth century another spelling appeared - hanukkahĀ ē ā,~ "although even if it is not really a sound like" Y Y Y etĀ ē Ā, ā, Ā ē ā,~ "how to celebrate Hanukkah ? Some Jews choose to celebrate Hanukkah in such a way for Christmas, giving gifts and sharing meals with friends and family. Because because oil for menorah plays a role so important in the festival, many Hanukkah foods are fried in oil . Favorites include latkes and gelatin doughnuts.fter candle lighting every night it is customary to turn a dreidel, a four-sided spinning reproduce from children. Children were provided by Hanukkah Gelt, which is chocolate money. Written by Nolan Siegel taught in Nolan of Danny Stein, a teacher by Alexander Muss High School in Israel and Rabbi and Harwitz, head of the school at the Weber school "What can I rhyme with Hanukkah?" Adam Sandler (probably thought as he wrote his obstacle - Hanukkah's song ". While certainly a complex question at first sight, the Sandler response has arrived in reality enough Ā ē ā,~ "funukah! Ā,Ā» everyone loves the festival of lights. Ā, Dreidels and Gelt, Chanukkiots and candles, latkes and sufaniyot, wrapping paper and the thrill of and receive gifts never cease to bring joy to Jews all over the world. Every year, we ritentiamo the story of the heroic Maccabees and the miracle oil "When the Greeks entered the Temple, they have polluted all the oils of the Temple, and when the Hasmonean dynasty [the Maccabees] has suffered and defeated them, they controlled, they found a large cruseo in position set oil with the high priest's seal [of the temple], but it was inside [just enough] to light [the Menorah for] one day. It is a miracle occurred, and them they have lit for eight days, Ā ē ā,~ (the Talmud ē ā,~ "Mosechet Shabbat 21b). As you read the Talmud Excerpt above, you may have remembered the times that your Bubbe told you the story of the Maccabees. Ā Ā "And, honey, the oil lasted for eight days. It MIRACLE! Ā ē ā,~ "To call your bubba, but it's actually what happened. Our story began nearly 200 years before the Maccabees. Around 332 BC, Alexander the Great's Macedonian Empire, conquering the Persian empire, it's the land and people of Israel were now part of the Macedonian empire. It's modern history Hanukkah is wrong because we have never lived under the greek domain only Macedonian rule. the myth of probably because history was born © Macedonian Hellenism have practiced the same religion of the Greeks, a very different religion from Judaism. Ā ē ~ Poltheistic Monoteistic Alexander The Great Hellenism thought it was so fantastic, everyone would like to convert that he should not push it on us, so there was very little pressure for us to leave Judaism. As it turned out, Alexander was quite wrong: few of us converted to Hellenism. When Alexander the Great died in 323 BC, the empire was divided about him. Egypt became part Ptolemaic empire, and seleucido Empire came to control Asia Minor, Mesopotamia and Israel (which was renamed Judea). This does not liked to be under the control of the Hellenistic, Seleucid! As a way of trying to ensure our loyalty, the seleucido Empire told us that we could become a Ā ē ā,~Ā polis "and have benefits (like tax-exempt status) if we built A Place for Forum- Gymnasio discussions and intellectual development - gym and bathrooms; a place for entertainment temple in a greek god Antiochus IV, the seventh ruler of the Empire seleucido, came to control Judea in 175 BC. it's the story of Hanukkah you know might be clicking on their own position to know; that's Hight... we are talking about the evil king Antiochus! because of the many differences between Hellenism and Judaism and the fact that we wanted to have control of ourselves, we were not at all faithful to Antiochus, and we had never planned to support him. However, since we were © between his empire And the ptolemaic Egypt, Antiochus desperately wanted our loyalty because we feared that we would allow soldiers from the hostile kingdom of Tolomeo to travel through Judea to attack his empire. Antiochus thought that the best way take our fidelity was to convert to his own (Hellenism), but it wasn't exactly sure of how. We would not have had converted under all - WILL-CONVERT-WITHOUT-PRESSURE-because -ellenism-It is fantastic Alexander the previous Net Né antiochusĀ ē ā,~ Ā "ē that we believed that we have become hellenistic due to the benefits of Be a polis. Ā, Antiochus knew that forced action was needed. Because it would have been impossible to let us convert to Hellenism everything at once, antiochus started to transmit decrees for slowly the aspects of outlaws of Judaism and make us more like Hellenists. Ā, these decrees have been known as Ā ē ā,~ Ā Ā "cres decrees", circumcision on circumcision, observing shabbat and the study of the Torah (which led to the Dreidel!). Ā, possible the worst antiochus thing did as Part of the evil decrees was sending its city center -To-Town to force us to sacrifice a pig (and kill us if we refused). Ā, Why a pig? Because I'm not even kosher animals, there was no way in which we could consider a pork sacrifice for GD, the being who told us to stay away from the pigs. In fact, Judaism commands us to die before committing a murder, commit a sin sexual, or publicly desecrate Judaism (For example, sacrificing a pig). Ā, uh oh! When antiochus men asked those of us in the village of ways - in (near Jerusalem) sacrifice a pig, a man named Matityahu was not for him . Ā, Ā «Ganyion that is for G- D, Ā ē ā,~ "screamed, Ā ē ā,~ "with me! " Then, he and the people still dedicated to Judaism "ran away in the forest. Ā short thereafter, Matyahu died, and his son, Judah became the new leader of the group dedicated to freed us from the AntiochusĀ ē ā,~ Ā " ē rule Thorough Guerilla Warfare. "Okay, Matityahu was the head of the Maccabee family, and his son Judah was Judah Maccabee! The antiochus group slowly demoralized antiochusĀ ē ā,~ Ā "ē army with small victories here and there, and with every victory, more than us began to believe in them, therefore more than us started joining the group. Finally, fighters killed all the cavalry of antiochusĀ ē ā,~ Ā "ē in the Emaus battle. After what it was easier for us to regain the Beit Hamikdash (the temple "the second, to be precise) and defeat the Ā ē ā,~ Ā" Greeks "once and for all. After the 650 years of life under the different empires, we were finally free! The Seleucidi had used our Beit Hamikdash for God's Greek cult and the Orgy, so it was in a terrible state when we arrived. We had to purify and re-dedicate our Temple to G-D with an eight-day ceremony. And you have it: Hanukkah's story, or to translate Ā ē ā,~ Ā "HanukkahĀ ē ā,~ up to English, Ā ē ā,~" You have it, the story of Ā ē ā,~ Ā "Dediation.Ā,Ā" ā, ā,~ "ā,~ ā" dictionary ē ā,~ | - Like what the Maccabei have done after getting the Beit Hamikdash from Ā ē ā,~ Ā ē ā,~ Ā ē ā,~ ", because the holiday is called Ā ē ā,~ Ā" Hanukkah! Ā, ā,~ "Keep down, Nolan. Wait a second, Ā ē ā,~ "you might think. Ā, ā,~" What about the oil? Ā, all that you wrote correla with what my bube said told me, but where is the oil in Hanukkah's story? Ā, ā,~ "Well, I hate to break it to you, but there was no oil. Ā, ā,~" is right, oil is a lie. The original version of the ExtraPT Talmud included above - describing the miracle of the oil "contains the eastern Aramaic and the East Aramaic came to Israel from Babylon a bit of time between 300 CE and 500 CE, after the time of Mishna (The first part of the Talmud). However, there are some mishaic writings that actually have East Aramaic in them. It is, so it means that the extract - one of the few references to the Maccabei in Jewish lyrics - is one of the few Texts of mishnaic rabbis containing eastern Aramaic? Ā, possibly, but the most probable option is that the text was changed by later rabbis (once the Oriental Aramaic had been In Israel) that refers to Baraita (a text from Ā, the mishaic rabbis that do not do it in the Talmud) and stated that the whole text came from mishnaic rabbis. After defigned the Greeks, the Maccabees are put on top of the Jewish nation by making themselves the dominant class and starting starting dynasty, the Hasmonean dynasty. It's the king, the captain, and the high priest were all the Maccabee family, so do not Werenā t really any checks and balances put in place. It's Because of this, the Hasmoneans became increasingly corrupt incredibly quickly and weakened the most over time. Ā In fact, the Hasmonean dynasty became so weak, the Roman Empire was able to conquer us in the midst of a dispute between two brothersĀ ē a High Priest and a Generalā of what would be the next king. He returns to the rabbis. Ā © Why would you lie on the Hanukkah story? A fine, Il Samuel 7:16 United your (Davida King's) throne will be established forever [but only for your righteous descendants], A and Psalm 132: 12 says: Ā If your [re Davida s] children, will observe my [G-dā s] covenant Ā ē | their children must also sit on your throne forever.Ā Ā ē Gd established line Davida King's only legitimate as the kings of Israel. A wait, as regards the Maccabees? Well, the Hasmonean dynasty Wasna ē t descendants of King David, who was of the tribe of Judah; They were a priestly family from a different tribe, the tribe of Levi. It Therefore, the rabbis believed Maccabees had no right to rule us, so they created the history of oil lasting eight days as a way to attribute a miracle of Hanukkah only G-d. Ā If they had written that the Maccabees defeated ē t ē GreeksĀ was a miracle, the rabbis would be endorsing the Hasmonean rule DynastyĀ ē s telling them military victory was enabled by God and who were, in fact, fit to rule . The rabbis could come up with any kind of supernatural miracle to achieve their goal, so why © have chosen to say a [Maccabees] lit from [the oil jar] for eight days [instead of one as planned], A (Talmud Shabbat 21b ē Mosechet)? It's My Awesome Alexander Muss High School teacher of Israel, Danny Stein, he shared his answer to the question, and I completely agree. It's he said my class who believes that the oil is a symbol for the Jewish people. It Having both our temples destroyed and losing the unit because of their destruction, having been ruled by numerous empires, after being thrown out of our home many times, after being denied a new entry into Israel more sometimes, after being forced to find ways to survive in hostile countries, having fought too many wars to keep track of, and even after six thousand of us were killed in the Holocaust heinous (Holocaust). WEA the Nationā Jews are still around . It's All the odds were against us, but we persevered, and here we are. It would be expected of a burn us outa after a tragedy (or a day, if you will), but we are still here after the four thousand years of hardship (or eight days). Ā The oil is a symbol of our peopleā ē s force, meant to teach us that if we push through troublesome times, we can and will light the world with our presence. To kick Ā ē woah Factora up another notch, the full story of the Maccabees ISNA t in the Tanakh, the Hebrew Bible. Ā In fact, the whole story of the Hasmonean ISNA t included in the Hebrew text; we have become familiar with the history of their revolt against the Ā ē ē GreeksĀ thanks to the inclusion of the four books of the Maccabees in the Christian Bible (except Protestant Bibles © because they doubt the historical origin and therefore the accuracy of the Maccabees Books). Although the story of Hanukkah we grew up with ISNA t entirely true, and the reason why there is also nuts, Hanukkah is still a Jewish holiday widely worshipped. Ā After all, who doesnā ē t love to light candles and get presents? It is, after all, is really a [s] © very funukah / [f] or celebrate Hanukkah! A Happy Hanukkah! * Some rabbis and scholars believe the Hanukkah story t what I wrote; I simply written on a Hanukkah story widely accepted-as-truth. It is also, people have devised other motivations for the creation of another Hanukkah history and why the Maccabees t Arena in the in the But I chose to write only what was taught. There are links for further readings below, and one of the Links discussable reasons for the reason why the Maccabees are not in Tanakh.
