If you are assigned to play as a crewmate, you will need to complete a number of tasks on board the boat as quickly as possible. It looks a lot like those stairs on the board game track, and, like the track, you'll want to familiarize yourself with the ship map, the rooms, and the unique tasks found inside each of those rooms. You can choose to sabotage the boat, which will force the crewmates to hurry to a designated area of the map to solve the problem as soon as possible, so you don't lose the game. While the Sabotage feature is a great tool in your arsenal in its own right, forcing players to fight to a certain location, it can also help the impostor with his murderous plans.
